WORK EXPERIENCE

- Finanzas Consulting Service Limited**

Web Developer:

Finanzas Consulting Service Limited is a Business Consulting firm. I was there as a Web Developer & IT Support Staff. I work here in digital marketing sector and provided IT training to our client's staff. Building clients website and required software I use HTML5, Css, Bootstrap, PHP, Laravel Framework etc.

- Synet Group (Synetbd.com)**

Project Manager & Developer :

Synet Group was a student group of Software Engineering Department. Synet group was working lots of project. This group was also provided IT support. I worked here as a project manager and web developer. Home Automation Project is one of the biggest project of Synet Group. It's a hardware based project. It can control all the electric devices like fan, light, AC, Motor in Home, Office etc. We use Python, Html, CSS, Raspberry PI to complete this project.
